Holz ist ein Naturprodukt und daher in Farbe und Struktur unterschiedlich. Muster, Prospekte und Fotos dienen daher nur der groben Orientierung und sind unverbindlich. Das Alter und die Einwirkung von Sonnenlicht hat Einfluss auf die natürliche Änderung des Holzfarbtons und die Oberflächenbeschaffenheit. Farbabweichungen in Druckmedien oder Bildschirmdarstellungen zum Original sind möglich. Dadurch kann das Produkt zum Zeitpunkt der Auslieferung deutliche Unterschiede zur Mustervorlage aufweisen. Maßgeblich für die konkreten Produkteigenschaften ist ausschließlich das aktuelle Technische Datenblatt, das Sie unter www.jordanshop.de/www.inkushop.at finden.

Wood is a natural product, and therefore features colour and texture differences. All samples, brochures and photos are therefore only provided in order to give you rough idea and are not binding. Both age and exposure to sunlight do impact on the wood shade changes and changes in the nature of its surface. The colours of the original may therefore vary from the way they look in print media or on a screen. At the time of delivery, the product may therefore differ clearly from the material sample provided. Only the technical data sheet, which you can find at www.jordanshop.de/www.inkushop.at, is relevant with regard to specific product properties.

Le bois est un matériau naturel dont la couleur et la structure peuvent donc varier. Les échantillons, les brochures et les photos ont uniquement une valeur indicative et sont sans engagement. Le vieillissement et l'exposition au soleil ont une influence sur le changement de couleur naturel du bois et sur la texture de sa surface. Des variations de couleur entre les documents imprimés ou les représentations sur écran et l'original sont possibles. C'est pourquoi au moment de la livraison, le produit peut nettement différer de l'échantillon. Seule la fiche technique actuelle que vous trouverez sur www.jordanshop.de/www.inkushop.at détermine les caractéristiques concrètes du produit.

Il legno è un prodotto naturale, sempre diverso per forma e struttura. Modelli, dépliant e fotografie servono solo per orientarsi e non sono vincolanti. L'età e la luce del sole tendono a modificare in modo naturale la tonalità del legno e la natura della superficie. Non si escludono differenze cromatiche rispetto all'originale sui supporti di stampa o sulle schermate. Col passare del tempo, il prodotto può cambiare le proprie caratteristiche rispetto al momento della fornitura. L'unico documento vincolante con le caratteristiche del prodotto è la scheda tecnica attuale disponibile alla pagina www.jordanshop.de/www.inkushop.at.
